## Proctor Silex® Simply-Crisp™ Air Fryer Toaster Oven

The Proctor Silex Simply-Crisp Air Fryer Toaster Oven combines Simply-Crisp air frying functionality with the versatility of a classic toaster oven. You get the even crisping and browning of air frying right on your countertop, along with the ability to bake, broil and toast. Using little to no oil, the Simply-Crisp function turns fresh or frozen French fries, chicken wings, steaks, fish, vegetables and more into crispy deliciousness that you and your family will love.

**Powerful Air Circulation for Evenly Browning Food with Little to No Oil** – The Simply-Crisp air fry convection function\* circulates air around food as it cooks, creating crispy and delicious fries, chicken wings, steaks, fish, vegetables, and more.

**4 Versatile Cooking Options** – You get the convenience and ease of crispy air frying\* along with all the classic toaster oven functions you love: bake, broil and toast.

**Plenty of Cooking Space** – This toaster oven has plenty of room for everything you love, from 6 slices of bread to a 12" pizza, a whole 5 lb. chicken, or a 9" x 11" bake pan. Three rack positions provide flexibility to fit a variety of food.

**Includes Mesh Basket** – The air fryer oven comes with everything needed to air fry,\* bake, broil and toast, plus a slide-out crumb tray. Mesh basket fits in the upper or middle oven rack position with bake pan below to catch drippings.

**Excellent Cooking Performance** – Quality heating elements provide precise temperatures from 150°F to 450°F and even cooking without hot spots. The air fryer oven combo is easy to use and has a 30-minute timer, Stay On function, ready bell and auto shutoff.

*\*Air fry feature may require more cooking time than standalone air fryers.*
