

## Proctor Silex® 3.5 Cup Food Chopper

The Proctor Silex 3.5 Cup Food Chopper is perfect for all your chopping, pureeing and emulsifying tasks. The unique stackable design makes the chopper easy to assemble and use, simply select HI or LO and just press the lid to chop. For easy cleanup and peace of mind, the removable blades, 3.5 cup bowl and lid are dishwasher safe and BPA-free.

**Unique Stackable Design** – This easy-to-assemble mini food processor simply stacks into place so there's no difficult twisting or locking. To chop or process food, simply press down on the lid and release to stop.

**Easily Chop, Puree and Emulsify** – The durable stainless-steel chopping blades provide fast, reliable results, and the 3.5 cup bowl has a sealed bottom to prevent messy leaks. The bowl's pour spout and handle make it easy to pour ingredients after processing.

**Precise Results** – Two versatile speeds provide all the precision and control you need for chopping, pureeing and emulsifying. With the 350-watt motor, you'll have all the power you need to process tough ingredients.

**Extra-long Cord with Storage** – The 30" cord easily reaches any outlet and the built-in handy cord reel makes storage easy. To retract the cord, simply turn the ergonomic handle in either direction to quickly reel it in.

**Convenient Oil Dispensing Lid** – Whether you're emulsifying dressing, mixing sauce or pureeing baby food, it's easy to gradually incorporate liquids into your recipes with the oil dispenser on this chopper/food processor.
