

proctor|silex®

Proctor Silex® FrontFill™ 12 Cup Coffee Maker

Simply Better - Brew a fresh pot of coffee without the hassle of moving your coffee maker from underneath kitchen cabinets. The FrontFill™ water reservoir and swing-open brew basket is convenient when adding water and coffee grounds while keeping your coffee maker in one place. Just fill up the coffee maker with water, add grounds and use the one-touch button to begin brewing.

Fast Brew Options - The auto-pause and pour allows you to grab that first cup of coffee without waiting for the entire pot to finish brewing. Coffee brews at a high temperature with optimal extraction giving you rich and smooth flavor cup after cup.

Built to Last - This durable coffee maker is designed for excellent performance to brew delicious coffee in your kitchen. The warming plate is made of a scratch and rust-resistant military-grade anodized aluminum coating that is easy to keep clean. A limited three-year warranty is included.

Simple Operation - Easy to turn on and off with the press of just one button. Forgot to turn the coffee maker off? No need to worry since it will shut off automatically in two hours giving you
