

Proctor Silex® FrontFill™ Programmable 12 Cup Coffee Maker

Simply Better - Brew a fresh pot of coffee without the hassle of moving your coffee maker from underneath kitchen cabinets. The FrontFill™ water reservoir and swing-open brew basket is convenient when adding water and coffee grounds while keeping your coffee maker in one place.

Programmable - Wake up to the fresh aromatic smell of coffee by programming your coffee maker the night before so all you have to do is pour your first cup. Set brew options to regular, bold or a small batch.

Fast Brew Options - Coffee brews at a high temperature with optimal extraction without sacrificing taste or flavor. The auto-pause and pour function allows you to grab that first cup of coffee without waiting for the entire pot to finish brewing.

Built to Last - This durable coffee maker is designed for excellent performance to brew delicious coffee in your kitchen for years to come. The warming plate is made of a scratch and rust-resistant military-grade anodized aluminum coating that is easy to keep clean. A limited three-year warranty is included.

Safety in Mind - Forgot to turn the coffee maker off? No need to worry since it will shut off automatically in two hours giving you peace of mind.
