

Proctor Silex® High Performance Blender

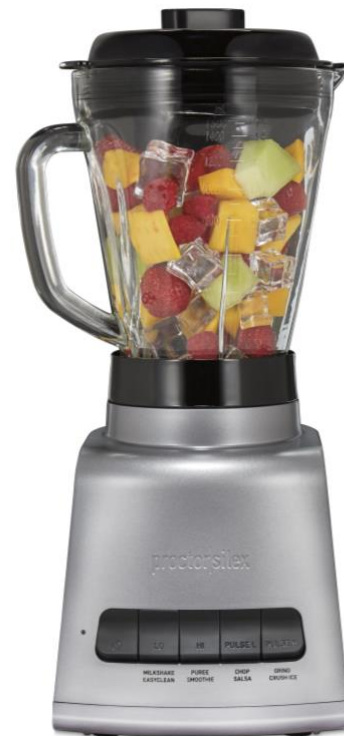

Simply Better – With intuitive, multi-speed controls, you'll love how easy it is to create some of your favorite foods like smoothies, milkshakes and soups. Designed for a user-friendly experience, pre-programmed one touch controls will blend ingredients on low, high and pulse modes.

Easily Serve & Add Ingredients – The convenient pour spout on the blending jar reduces messy drips to make serving easy. The filler cap on top of the lid allows you to slowly add ingredients such as oil or spices to your favorite sauces, salad dressings or any other blended foods.

Versatile for Hot and Frozen Food – The 52-ounce MultiBlend® jar is designed to withstand extreme temperature changes so you can blend a frozen cocktail before pureeing hot soup for dinner.

Quieter Blending – Make your morning smoothies without waking up the whole house. The base's new and improved, patented design is engineered to dampen distracting motor noise.

Built to Last – This blender combines durability with power and exceptional performance, without the extra parts you don't need. It's made with high-quality materials for years of effortless use and blending
